- UltraThin™ Frame
- Black Lacquer Finish with Blue Diamond Accent Lighting
- Smooth 120Hz™

*1 LaserVue has demonstrated reproduction of color gamut in excess of 200% of BT.709.

*2 In order to display 3D images, Mitsubishi Home Theater DLP TVs require source devices to support checkerboard display formats for display of 3D gaming or 3D cinema content. A 3D standard format does not currently exist for Blu-Ray or DVD prepackaged media. A 3D standard may emerge that is not compatible with Mitsubishi Home Theater DLPs. Please visit mitsubishi-tv.com for updates and information.
